AMERICAN BLACK WALNUT

Super Discounts for Character and Better Flooring One Off Custom Flooring at Big Box Store Price

Walnut is the only naturally occurring “dark” hardwood that grows in North America. The grain is predominantly straight, with occasional burl pattern. It’s no wonder that the natural beauty of the dark chocolate brown and slight purple tinge of the heartwood has made Walnut Flooring one of the most enduring and desirable flooring of all time. Our buyers were able to acquire a load of beautiful 3/4” thick Walnut lumber from a premier supplier. This exceptional lumber is perfect for crafting into a unique Heppner Hardwoods floor. It is the perfect offering for your less affluent customer. You can expect the same built in quality of a Heppner product, the only difference is it will be thinner. At 9/16” and with a grade of Character and Better it will still be an enduring investment.

For End Match Add: \$0.65 SqFt Inquire about Custom Finishing For HandScrape/Distress add: \$2.00 SqFt

WIDTH	LENGTHS	PRICE per SQ FT
3”	2’-12’	\$2.20
